California Witchcamp  
Northern California,  
Mendocino Woodlands

## Prep List (Things to Bring to Camp):

---

### Campers

Camping gear, it gets to very low 40's sometimes, so come prepared, as we will not have extra bedding. You need to bring your own tent and pad. Also if you wish to sleep outside bring a bug net, it makes for sane sleeps.

### Cabins

The cabins are rustic, they have no electricity, the lower half is wooden, with a wooden roof, and instead of windows they have bug screens, so it can get quite cold at night. Some people bring plastic to put up at the windows, or fabric and pushpins works well, if you require more privacy. We also cannot use candles in the cabins, as requested by the woodland staff. The dining hall and showers have electricity.

### Showers etc

There is only one shower block, to be shared by all. The gang shower is for all genders. There are also a few private showers for those wishing privacy.

### The Basics:

- Clothes for warm days and very cold evenings
